

MICRO MATE-N-LOK STRAIN RELIEF COVERS

TE Connectivity (TE)'s Micro MATE-N-LOK strain relief cover kit contains snap on 4 & 8 position Micro MATE-N-LOK strain relief covers that provide cable assembly retention capability that meets IEC 60598-1 cable retention specifications. The two-piece covers are applied without screws or tools to provide an aesthetically functional strain relief for jacketed cable assemblies. To provide maximum flexibility, they are designed to work in wire-to-wire (free hanging) and wire-to-board cable assembly applications.

PRODUCT BENEFITS

- Micro MATE-N-LOK strain relief jacketed cable assemblies meet IEC 60598-1 which requires a minimum cable retention of 60N
- Screwless design supports for ease of assembly
- The strain relief covers provide latch protection that helps prevent inadvertent unmating of the connectors
- Rounded corners allow for a snag resistant design

APPLICATIONS

- Lighting
- Security Systems
- Gaming
- Vending
- Garage door openers
- Factory Automation
- Household Appliances
- Data Storage

QUESTIONS TO ASK

- Are you considering 4 or 8 position Micro MATE-N-LOK connectors in your application?
- Are you using jacketed cable?
- Do you need to meet IEC strain relief requirements?

MECHANICAL

- Meets 60 N cable retention requirements
- Operates from -20°C to 85°C
- UL94-V0 Flammability rating
- Offered in black housing color

MECHANICAL

- Nylon Thermoplastic
