

Notes :

Material :

Shell : Standard Brass
Clip : Beryllium Copper

Finish :

83 : Clip 0,75µm (30µ') Gold over Ni,
Shell 5µm(200µ') Tin over Ni

For other plating configuration please consult.

Electrical :

Clip code 4810

Rated current 30 Amps

(With max 40°C of temperature elevation)

Contact resistance max. 15 milliohms

Mating Pin Size :

2,00mm - 2,45mm [.078' - .096']

Environmental :

Temperature range : -55°C to +110°C

Mechanical :

Recommanded PCB Mouting hole 1,5 mm [.059']

Mechanical life min. 500 cycles

For complete mechanical and electrical
specification, see CLIP Specification
regarding Clip Code Number.
