

# Between-Series Adapters

## SMA Female Bulkhead to ZMA Female 3 or 4 Lugs

Midwest Microwave introduces SMA to ZMA high performance precision coaxial adapters with up to 18 GHz operation. These adapters incorporate design features that provide consistent low VSWR and insertion loss performance in a minimum length compact physical package.

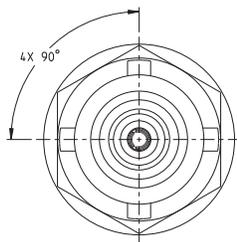

### Features

- 18 GHz Operation
- Low VSWR and Insertion Loss
- 100% Swept Frequency Tested
- Rugged Stainless Steel Construction
- Made in the USA

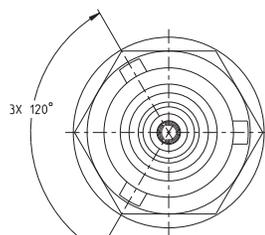

### Applications

- High-end Commercial
- Laboratory, Calibration, Tests and Measurements
- Military

Part Number	Description	Frequency	Impedance	VSWR	Insertion Loss
ADT-3373-ZF-SMF-02	Adapter SMA Female Bulkhead to ZMA Female 3 Lug	DC ~ 18 GHz	50 ohms	1.20:1 min	0.1 dB max
ADT-3473-ZF-SMF-02	Adapter SMA Female Bulkhead to ZMA Female 4 Lug	DC ~ 18 GHz	50 ohms	1.20:1 min	0.1 dB max
