

IP67 USB Type-C Connector

Harsh Environment Series

Stewart Connector introduces IP67 USB Type-C Connectors. These IP67 rated USB Type-C connectors support USB 3.0, USB 3.1 and USB 3.2, Gen 1 and Gen 2. USB Type-C connectors allow for a reversible mating interface, providing an easy and reliable mating of the plug to jack in any plug direction.

USB Type-C connectors are growing in popularity in new and emerging products, introducing the need for a connector that can support high-speed transmissions of audio and video signal output in harsh environments.

Features & Benefits

- Reflow solder compatible
- Current carrying capacity of 5 A
- SS-52400-004:
 - Mid-surface mount design feature
 - Packaged in tape and reel for pick and place operations
- SS-52400-012:
 - Vertical PCB mount
 - Packaged in tape and reel for pick and place operations
- SS-52400-007:
 - Bulkhead mount
- 67U3CD-XXXM-K:
 - USB C 3.1 IP67 male cable designed to mate with SS-52400-007

Applications

- Medical devices
- Industrial environments
- Military communication
- Renewable energy industry
- Rugged computing equipment
