

## Product Datasheet

**Product code:** **16.CR.BL**

**Product type:** Hairspring cutters

**Description:** The 16 is a jewellery cutter belonging to the hairspring cutters family. The front cutter geometry provides a good angle to cut vertically. The full-flush cutting edge is suitable to perform very clean cuts on small size material. The 16 is used for fine mechanical work including watchmaking and repair. These cutters are tough enough for difficult jobs, ideal for working in confined spaces and for cutting hairsprings and soft metals.

**Head description:** Large, End

**Cutting edges:** Full-Flush

**Blade material:** AISI D2

**Body material:** Stainless Steel (S - AISI 420A)

**Handle material:** Black PVC
