

Wiha Digital, Dial & Vernier Calipers

Swiss Made Precision

- Wiha Quality Calipers In 4 Styles - Digital, Dial and Vernier & ESD
- Anti magnetic, Non Corroding, Non Metallic, Rigid 60% Fiberglass Fill
- Thermal Stability Short Contact 180°C - Continuous 100°C
- Chemical resistant- organic solvents, alkalis, & petroleum products
- Guaranteed Quality - Made By Wiha Division KWB Switzerland

Digital Inch & Metric Combination Calipers

- Digi-Max Non Metallic, Non Magnetic 6" Calipers
- Push Button Inch To Metric conversion
- Accurate Resolutions to 0.0005" & 0.01mm
- Switches On Automatically when opened
- Switches Off After 5 Minutes of Non Use
- For Inside, Outside, Depth and Step Measurements
- Durable 60% Fiberglass, Non magnetic Non Corroding.
- Ergo Light Weight For All Day Non Fatigue Handling
- Precision Made By Wiha **Switzerland**

Digital Calipers #41101

Inch & Metric Dial Calipers

- Inch Dial-Max Caliper .001" Resolution to 6" Length
- Bi-directional Thumb Roller with Friction stop
- Does Inside, Outside, Depth and Step Measurements
- Bezel Rotation Allows for Quick Realignment to Zero.
- Nearly Non Conductive, Rated EU Food Grade
- Non Metallic, Anti Magnetic, Non Corroding.
- Precision Molded with Durable 60% Fiberglass Fill.
- Super Light Weight For All Day Non Fatigue Handling
- Precision Made By Wiha division KWB Switzerland

Inch Dial-Max Caliper With .001" Resolution to 6" Length

Inch Dial Calipers #41104

Metric 150mm Dial-Max Caliper With 0.1mm Resolution.

Metric Dial Calipers #41102

ESD Safe

- Inch & Metric ESD Safe Anti-Static Dial-Max Calipers
- Conductive/Dissipative for work on sensitive electronics.
- Inch .001" Resolution to 6" Length, Metric .1mm to 150mm
- Non Metallic, Anti Magnetic, Non Corroding, Non Marring
- Bi-directional Thumb Roller with Friction stop
- Does Inside, Outside, Depth and Step Measurements
- Bezel Rotation Allows for Quick Realignment to Zero.
- Precision Molded with Durable Fiberglass Fill.
- Super Light Weight For All Day Non Fatigue Handling
- Precision Made By Wiha Switzerland

Inch ESD Dial Calipers #41105

Metric ESD Dial Calipers #41106

Vernier

- 6" CaliMax Vernier Caliper With .1mm/ 1/64" Accuracy
- Does Inside, Outside, Depth and Step Measurement
- Durable 60% Fiberglass Fill, Non magnetic, Non Corroding.
- Super Light Weight For All Day Non Fatigue Handling
- Precision Made By Wiha division KWB Switzerland

Vernier Calipers #41103
