Compact Cable Cutter with Opening Spring (RGO)

Cable Range up to 1/0 AWG

- Clean and smooth cut without crushing or deformation
- Easy cutting with one-hand operation
- Suitable for universal use for cutting and dismantling
- Automatic reopening through spring-loaded handles
- Easy and clean cutting performance through precision-ground blades
- For strand, and multi-stranded wire
- Lock closure and distance stops for high safety comfort
- Guard prevents operators fingers from being pinched
- According to the aerospace standard AS6173/3 FEDERAL SUPPLY CLASS 5120

General	
P/N	700 016 36 RT
EAN	4049002156519
Weight	0.53 lbs

Application	
Wire Size	up to 1/0 AWG

			
<p>Cut affected with a Cable Shear: easy, clean cut without any deformation of the cable.</p>	<p>Cut performed with a Diagonal Cutter: high effort required, inaccurate cut, considerable deforming, and crushing of the cable.</p>
