Highlights

- **MAKE YOUR HOME YOUR SANCTUARY:** 1-pack of 3-month pleated Filtrete 14x24x1 MERV 11 MPR 1000 AC Furnace Air Filter helps capture unwanted particles from your household air to contribute to a cleaner, fresher home environment
- **EXCLUSIVE TECHNOLOGY:** Designed with Filtrete™ 3-in-1 technology to pull in and trap unwanted particles, allowing cleaner air to flow through
- **COUNTLESS MICROPARTICLES:** With a 1000 MPR and MERV 11 rating, your Filtrete™ Filter will help capture many microparticles from the air passing through it
- **CHANGE YOUR FILTER OFTEN:** For optimal performance, make sure to change your filter at least once every 90 days
- **VERSATILE USES:** Works for changing the air filters in your furnace, air conditioner/heating system or HVAC system
- **SMART APP:** Use the Filtrete™ Smart App (iOS or Android) to set 30-, 60- or 90-day reminders to change your air filter

The Filtrete™ Allergen Defense Filter outperforms non-electrostatic pleated and washable 1-inch filters at capturing microscopic allergens like dust, smoke, and smog particles and large allergens like mold spores and pet dander.

Filtrete 14x24x1 MPR 1000 Air Filter, made by 3M, helps capture unwanted particles from your household air to contribute to a cleaner, fresher home environment. Designed with exclusive Filtrete 3-in-1 technology, including a MPR 1000 and MERV 11 rating, your AC filter will help pull and capture countless microparticles - such as pet dander, smoke and smog - while letting cleaner air flow through. Your Filtrete Filter will also capture large particles, including lint, pollen and household dust. Use a 3-month pleated 1-inch home HVAC filter in your furnace, air conditioner or HVAC system. For optimal

performance of your heating and cooling system or HVAC system, change your furnace filter at least every 90 days. Note: For easy replacement reminders, create a change countdown in the Filtrete Smart App. Simply use the app to scan the barcode on your filter's packaging, then choose days for your replacement countdown. When the filter's life is up, you'll get a notification to change your filter. The No. 1 Recommended HVAC Air Filter Brand (1), Filtrete's Home Air Filters provide the breakthrough technology needed to change how we clean our air, by filtering out particles both large and invisible, to create a cleaner, healthier home for ourselves and our families. Residential use only. (1) Based on the 2022 Ipsos US Brand Health Study of Residential HVAC Air Filters.
