#### 9. Caution on usage

- 9-1. Static electricity and surge will damage the LEDs It is recommended to take measures to prevent ESD problem (for example, grounding equipment and the human body, using grounded soldering iron and so on).
- 9-2. Be careful never to exceed , even momentarily, the absolute maximum ratings specified in the data sheet.
- 9-3. CIEL LIGHT will not be held responsible for any damage to the user that may result from accidents or any other reasons during operation of the user's unit if use to exceed the absolute maximum ratings, or not keep the matters that demand special attention.
- 9-4. Store and use where there is no corrosive gas.
- 10. Warranty period : One year after delivery.
